

## Medi-Cal Eligibility Expansion for Young Adults Regardless of Immigration Status

Starting January 1, 2020, a new law in California expands full scope Medi-Cal to young adults who qualify and are under age 26, regardless of immigration status.

### What is full scope Medi-Cal?

Medi-Cal is a public health insurance program which provides free or low-cost health care services to qualified California residents.

Full scope Medi-Cal covers:

- Emergency health care
- Routine check-ups
- Medical, dental, mental health, family planning, and vision (eye) care
- Substance abuse treatment
- Prescriptions... and more

Additional benefits include transportation to and from doctor, dental, and pharmacy visits for prescription pick-up. A primary care doctor can also provide specialty medical referrals if needed.

Enrollment in a Medi-Cal health plan provides access to a network of doctors that cover any medically necessary service.

**Find out how to apply**
